General

Directive 2002/96/EC of the European Parliament and of the Council on Waste Electrical and Electronic Equipment (WEEE) requires the manufacturers to supply To Whom It May Concern reuse and recycle information about their products.

Manufacturer Details:

Company: AudioCodes Ltd
Address: 1 Hayarden Street, Airport City, LOD 70100, ISRAEL.

Equipment Information:

Product name: M600

Product view:

Equipment net weight: 2.7Kg.

Equipment dimensions: 45X275X305mm

Document Type:	Dismantling Procedure		
Document Name:	Recycling Product Information AudioCodes M600		
Document Number:	A91001-006	Revision:	A01

Equipment Information:

- Safety-Marks and other marks on the product label: CE
- Restricted substances: None
- Batteries (Yes/No; Type; Weight): None

Disposal of used Electrical & Electronic Equipment:

- Applicable in the European Union and in other European countries with separate collection system.
- The symbol below, when posted on the product or in the product’s manual and/or on its packaging box indicates that this product shall not be treated as household waste.
- For more detailed information about take-back and recycling of this product, please contact your local service organization. By ensuring this product is disposed-off correctly, you will help preventing potential negative consequences for the environment and human health, which could otherwise be caused by inappropriate waste handling of this product. The recycling of materials will also help to conserve natural resources.
- If equipment contains easy removable batteries or accumulators, they should be disposed separately according to Directive 2006/66/EC and your State requirements.

Recycling Information:

- The Product contains material / components under or with:

		NO	If YES, please specify
1	Pressure	/	
2	Liquids (please specify below)	/	
3	Gasses (please specify below)	/	
4	“Hidden” mechanical springs or other harmful equivalents	/	
5	Risk for explosion during treatment	/	
6	Risk as fire hazard during treatment	/	
7	Other risks (please specify below)	/	

Document Type:	Dismantling Procedure		
Document Name:	Recycling Product Information AudioCodes M600		
Document Number:	A91001-006	Revision:	A01

- To the best of our knowledge, the product contains the following materials / components to be removed:

		NO	If YES, please specify (for location, review the scheme on page 5)
9	Polychlorinated biphenyls (PCB) containing capacitors	/	
10	Mercury containing components, such as switches or backlighting lamps	/	
11	Batteries	/	
12	Printed circuit boards with surfaces greater than 10 square centimeters		
13	Toner cartridges, liquid and pasty, as well as color toner	/	
14	Plastic containing brominated flame retardants	/	
15	Asbestos waste and components which contain asbestos	/	
16	Cathode ray tubes	/	
17	Chlorofluorocarbons (CFC), hydro chlorofluorocarbons (HCFC) or hydro fluorocarbons (HFC), hydrocarbons (HC)	/	
18	Gas discharge lamps	/	
19	Liquid crystal displays (together with their casing where appropriate) of a surface greater than 100 square centimeters and all those back-lighted with gas discharge lamps	/	
20	External electric cables	/	
21	Components containing refractory ceramic fibers as described in Commission Directive 97/69/EC of 5 December 1997 adapting to technical progress Council Directive 67/548/EEC relating to the classification, packaging and labeling of dangerous substances	/	
22	Components containing radioactive substances with the exception of components that are below the exemption thresholds set in Article 3 of and Annex I to Council Directive 96/29/Erratum of 13 May 1996	/	
23	Electrolyte capacitors containing substances of concern (height > 25 mm, diameter > 25 mm or proportionately similar volume)	/	

- Others:

		NO	If YES, please specify (Review the location on the scheme on page 5)
26	Beryllium oxide, Beryllium and its compounds	/	
27	Cadmium and its compounds	/	
28	Plastic with other flame retardants (please specify):	/	

- Remarks:

	topic No.	Specification

Materials and components which have to be removed and treated separately

	Components	Material	Details
1	Cover & INSL	SAE1020 & NOMEX	Unscrew & remove, balloon 18,24
2	Power supply	PCBA, NOMEX, SAE1020	Pull out, balloon 3,5,6
3	Modules (RP Mediant1000)	PCBA, SAE1020	Unscrew & pull out, balloon 2
4	M600 CMP board	PCBA	Unscrew & remove, balloon 1
5	FAN AXIAL 5VDC	Plastic	Unscrew & remove, balloon 4
