

Regulatory Information

Mediant™ 2600, Mediant 4000, Mediant 4000B and MT

Thank you for Choosing AudioCodes!

This important product information includes Regulatory and Safety information.

Before you start using this product, please read the Safety Instructions provided. These Instructions can also be downloaded from the AudioCodes Website at <http://www.audiocodes.com/library>. This document, the Installation Manual and User's Manual (as well as software files and other documentation) can be downloaded from the AudioCodes Website at <http://www.audiocodes.com/downloads>. Please check that all items as listed in the Installation Manual are supplied in the shipped package. If any items are missing or if you have any queries, please contact your AudioCodes sales representative. If your product was purchased directly from AudioCodes, then contact support@audiocodes.com. If the product was purchased from AudioCodes' Distributors, Partners, or Resellers, then use the contact details provided by these sellers.

Safety Notice

- Installation and service of this gateway must only be performed by authorized, qualified service personnel.
- The equipment must be connected to the AC mains via an earthed power socket.
- This equipment should be installed in restricted access locations with a maximum allowed temperature of 45°C (113°F).

The safety status of each port is declared and detailed below:

Port	Safety Status
Ethernet (1000Base-T)	SELV
RS-232	SELV

FCC Statement

This equipment has been tested and found to comply with the limits for a Class A digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference when equipment is operated in a commercial environment. This equipment generates, uses, and can radiate radio frequency energy and, if not installed and used in accordance with the instruction manual, may cause harmful interference to radio communications. Operation of this equipment in a residential area is likely to cause harmful interference, in which case the user will be required to correct the interference at his or her expense.

Warning

This is a Class A product. In a domestic environment, this product may cause radio interference, in which case the user may be required to take adequate measures. **To comply with Class A limits, Cat 5 shielded cables should be used for all the Ethernet ports.**

RoHS Declaration of Conformity
