

Product Notice No: 0056

Announcing the Improved Graphical Web Interface

Starting with Software Release 5.4, there is a new and improved Web GUI design on AudioCodes' products. The new Web interface is designed to enhance the customer experience for gateway management and to herald a new, modern "look and feel" of AudioCodes' CPE and other selected products. The new Web interface is professionally designed to provide a user-friendly, intuitive GUI, and additional functionality. The new feature-rich Web interface provides the following main highlights:

- Tabs for Quick & Easy Access to main Areas**
- Show/Hide Tree Pane for Viewing Detailed Tables**
- Reduced/Full Menu Display in Navigation Tree**
- Collapsible/Expandable Navigation Tree for Easy Access to Pages**
- Toolbar with Common Device Actions (e.g., Reset)**
- Page-Sensitive Online Help**
- Home Page Graphical Display of Product Status**
- Sophisticated Parameter Search Engine**
- Customizable Configuration Menu - Scenario**

For a detailed description of the Web GUI, refer to the product User's Manual.
