General

Directive 2012/19/EU of the European Parliament and of the Council on Waste Electrical and Electronic Equipment (WEEE) requires the manufacturers to provide To Whom It May Concern information about preparation for re-use, recycle and treatment of their products.

Manufacturer details:

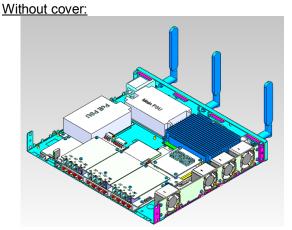

Company: AudioCodes

Address: 1 Hayarden Street, Airport City, LOD 70100, ISRAEL.

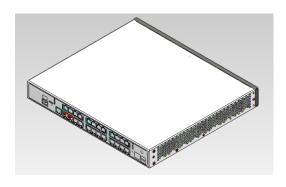

Equipment Information:

Product name: Mediant800 / Mediant850/ MP500

Product view:

With cover:

Equipment net weight: 3Kg approximately (depend on the product's configuration)

Equipment dimensions: 45X310X350mm

Document Type:	Dismantling Procedure			
Document Name:	Recycling Product Information AudioCodes Mediant 8XX			
Document Number:	A91001-005 Revision: A02			

Equipment Information:

Safety-Marks and other marks on the product label: CE

Restricted Substances: None

Batteries (Yes/No; Type; Weight): None

Disposal of used Electrical & Electronic Equipment:

- Applicable in the European Union and in other European countries with separate collection system.
- The symbol below, when posted on the product or in the product's manual and/or on its packaging box indicates that this product shall not be treated as household waste.
- By ensuring this product is disposed-of correctly, you will help preventing potential negative consequences for the environment and human health, which could otherwise be caused by inappropriate waste handling of this product. The recycling of materials will also help to conserve natural resources.
- If equipment contains batteries or accumulators, they should be disposed separately according to Directive 2006/66/EC and your State requirements.

Recycling Information:

• The Product contains material / components under or with:

		NO	If YES, please specify.
1	Pressure	/	
2	Liquids (please specify below)	1	
3	Gasses (please specify below)	1	
4	"Hidden" mechanical springs or other harmful equivalents	1	
5	Risk for explosion during treatment	1	
6	Risk as fire hazard during treatment	1	
7	Other risks (please specify below)	1	

• To the best of our knowledge, the product contains the following materials / components to be removed:

		1	Γ
		NO	If YES, please specify.
1	Polychlorinated biphenyls (PCB) containing capacitors	1	
2	Mercury containing components, such as switches or backlighting lamps	1	
3	Batteries	1	
4	Printed circuit boards with surfaces greater than 10 square centimeters		Page 8 Balloon 10 & Page 9 Balloon 4
5	Toner cartridges, liquid and pasty, as well as color toner	1	
6	Plastic containing brominates flame retardants	1	
7	Asbestos waste and components which contain asbestos	1	
8	Cathode ray tubes	1	
9	Chlorofluorocarbons (CFC), hydro chlorofluorocarbons (HCFC) or hydro fluorocarbons (HFC), hydrocarbons (HC)	1	
10	Gas discharge lamps	1	
11	Liquid crystal displays (together with their casing where appropriate) of a surface greater than 100 square centimeters and all those backlighted with gas discharge lamps	1	
12	External electric cables	1	
13	Components containing refractory ceramic fibers as described in Commission Directive 97/69/EC of 5 December 1997 adapting to technical progress Council Directive 67/548/EEC relating to the classification, packaging and labeling of dangerous substances	1	
14	Components containing radioactive substances with the exception of components that are below the exemption thresholds set in Article 3 of and Annex I to Council Directive 96/29/ Euratum of 13 May 1996	1	
15	Electrolyte capacitors containing substances of concern (height > 25 mm, diameter > 25 mm or proportionately similar volume)	1

Materials and components which have to be removed and treated separately

	Components	Material	Details
1	Antenna dual band	Plastic, see CENTURION P/N: MAF94051	Unscrew & remove, balloon 21
2	Bumper legs	Plastic PC/ABS	Pull out, balloon 52
3	Ears mount 19" RACK	SAE1020	Unscrew & Take off, balloons 65,66,67
