

Regulatory Information

Mediant™/IPmedia™ 3000 with 8410 or 6310 Blade

Thank you for Choosing AudioCodes!

This important product information includes Regulatory and Safety information.

Before you start using this product, please read the Safety Instructions provided. These Instructions can also be downloaded from the AudioCodes Website at <http://www.audiocodes.com/library>. This document, the Installation Manual and User's Manual (as well as software files and other documentation) can be downloaded from the AudioCodes Website at <http://www.audiocodes.com/downloads>. Please check that all items as listed in the Installation Manual are supplied in the shipped package. If any items are missing or if you have any queries, please contact your AudioCodes sales representative. If your product was purchased directly from AudioCodes, then contact support@audiocodes.com. If the product was purchased from AudioCodes' Distributors, Partners, or Resellers, then use the contact details provided by these sellers.

Industry Canada Notice

This equipment meets the applicable Industry Canada Terminal Equipment technical specifications. This is confirmed by the registration numbers. The abbreviation, IC, before the registration number signifies that registration was performed based on a declaration of conformity indicating that Industry Canada technical specifications were met. It does not imply that Industry Canada approved the equipment.

Digital Device Warning (TP-8410 Only)

This equipment complies with Part 68 of the FCC rules and the requirements adopted by ACTA. On the interface card module of this equipment is a label that contains a product identifier in the format US: 6npISNANTP8410. If requested this number must be provided to the telephone company.

The Telephone Company may make changes in the facilities, equipment, operations or procedures that could affect the operation of the equipment. If this happens, the telephone company will provide advance notice in order for you to make necessary modifications to maintain uninterrupted service. Should you experience trouble with this telephone equipment, contact:

AudioCodes Inc.,
2099 Gateway Place, Suite 500, San Jose, CA, 95110, USA
Phone Number (408) 441 1175

Do not attempt to repair this equipment!

Facility Interface Code: 04DU9.BN, 04DU9.DN, 04DU9.1KN, 04DU9.1SN

Service Order Code: 6.0 F

USOC Jack Type: Direct attachment to wiring installed by provider

If this gateway causes harm to the telephone network, the telephone company will notify you in advance that temporary discontinuance of service may be required. But if advance notice isn't practical, the telephone company will notify the customer as soon as possible. Also you will be advised of your right to file complaint with the FCC if you believe it is necessary.

Document #: LTRT-33511

Safety Notice

1. Installation and service of this gateway must only be performed by authorized, qualified service personnel.
2. The protective earth terminal on the back of the 3000 must be permanently connected to protective earth.
3. The unit is intended for installation in a Restricted Access Location (RAL) with maximum allowed temperature 45°C (113°F)
4. Elevated Operating Ambient - If installed in a closed or multi-unit rack assembly, the operating ambient temperature of the rack environment may be greater than room ambient. Therefore, consideration should be given to installing the equipment in an environment compatible with the maximum ambient temperature (T_{ma}) specified by the manufacturer.
5. Reduced Air Flow - Installation of the equipment in a rack should be such that the amount of air flow required for safe operation of the equipment is not compromised.
6. Mechanical Loading - Mounting of the equipment in the rack should be such that a hazardous condition is not achieved due to uneven mechanical loading.

The safety status of each port is declared and detailed in the table below:

Ports	Safety Status
E1 or T1	TNV-1 (TP-8410 only)
Ethernet (100 Base-TX)	SELV
DC Input Power Port	SELV

Caution Laser

Note that this device may contain a Class 1 LED/Laser emitting device, as defined by 21CFR 1040 and IEC60825-1. Do NOT stare directly into the beam or fiber optic terminations as this can damage your eyesight.

FCC Statement

This equipment has been tested and found to comply with the limits for a Class A digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference when equipment is operated in a commercial environment. This equipment generates, uses, and can radiate radio frequency energy and, if not installed and used in accordance with the instruction manual, may cause harmful interference to radio communications. Operation of this equipment in a residential area is likely to cause harmful interference, in which case the user will be required to correct the interference at the user's expense.

Warning

This is a Class A product. In a domestic environment this product may cause radio interference, in which case the user may be required to take adequate measures.
