

The AudioCodes Advantage for Your Microsoft Teams Journey

01

One Stop Shop

for the products and services, with one support hotline and single point of accountability.

02

We use our home-grown products

that are Microsoft certified, which means faster support cycles.

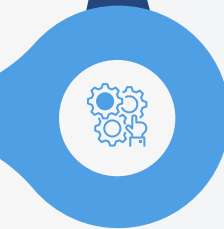

04

Experienced UC consultants

that have accompanied customers of all sizes through their journey.

03

We developed automation

using our products so that installations and operations of your service will be quick.

05

Are you global? So are we!

We have experts around the world, operating 3 main regional service centers, and we can work with your existing service partner.

06

Need something “different”? Sure we can!

We are flexible & adapt

to our customers with SaaS, products and managed services and operations models.

08

Worried about privacy? You are safe with us!

We comply with strict GDPR, CCPA and additional regulations.

07

Concerned about reputation? We are publicly traded!

We have been in operations over 25 years, solid public NASDAQ company, with strong financials.

We will make your Microsoft Teams journey a success!
