

The **AudioCodes RX10 Portable Speakerphone** is a versatile device that provides high voice quality regardless of location. Developed in collaboration with Jabra, it can easily be connected to a laptop or other mobile device to enable clear conference calls on-site or on-the-go.

As part of the AudioCodes Room Experience (RX) Suite and personal space devices, the RX10 Portable Speakerphone ensures exceptional sound quality with leading UC solutions. When used with the AudioCodes Meeting Insights solution, every meeting delivers continuous productivity even after it has ended. The RX10 is integrated with the AudioCodes One Voice Operations Center Device Manager for full control and management by internal IT teams.

A versatile device that delivers high voice quality when connected to a laptop or other mobile device, enabling clear conference calls regardless of location
