Product Notice #0407

End-of-Support
for AudioCodes SBC and Gateway Software Version 7.0

This Product Notice is a formal announcement by AudioCodes that Software Version 7.0 for its SIP-based Session Border Controllers (SBC) and Media Gateways has reached End-of-Support status.

No further scheduled maintenance releases or fixes will be provided for this version. For major software versions later than 7.0, AudioCodes will continue providing bug fixes and new features. Customers are encouraged to upgrade their SBCs and/or Media Gateways to a later software version (7.2 LTS).

Affective Date

March 1, 2021
