

AudioCodes One Voice for Skype for Business

 Skype for Business

AudioCodes Fax Server

Powerful and Flexible Management of Inbound and Outbound Fax Calls

AudioCodes' Fax Server is a powerful and flexible tool for managing inbound and outbound enterprise fax transmissions. The Fax Server application is part of AudioCodes One Voice for Microsoft Skype for Business, a unified product and service program intended to simplify and accelerate voice-enablement of Microsoft Skype for Business implementations.

AudioCodes Fax Server is a pure software application which can be deployed on a standard server or on AudioCodes Mediant Gateways and Survivable Branch Appliances (SBA) in branch offices.

For multi-site organizations the Fax Server application may be deployed at branch offices or as a centralized application in the datacenter serving all remote branches.

Fax Server Benefits:

AudioCodes Fax Server application is an essential part of enterprise communications and a proven and effective way to maximize company and employee productivity.

- Support for corporate fax, dedicated fax number for specific users and combined voice/fax mailbox
- Savings on DID lines - One DID per user for both voice and fax calls
- Reliable service: no more "Out of paper", "Out of toner", "Paper Jam" or "Faxes Getting Lost"
- Secured delivery - Avoid sensitive faxes being left unattended at the fax machine
- Easy to use, manage and archive of faxes
- Always-on service available 24x7
- Go Green - Reduce paper consumption and annoying piles of spam faxes

Fax Server highlights:

Fax2Mail:

- Fax is received as email with PDF attachments and can be viewed on PCs and smartphones, printed, archived and forwarded to others
- Route incoming faxes to one or more destinations
- Automatic Fax Detection supporting T.38 and T.30 fax protocols

Mail2Fax:

- Send Fax from PC or Mobile
- Supported file format: DOC, PDF, Excel, PPT, TXT, images etc.
- Email notification for successful or failed fax transmission attempts
- Supports personal or system-wide cover page with sender details

- Local archive for incoming and outgoing faxes
- Easy-to-use web interface for managing service
- Easy to set up - integrates with the enterprise's Active Directory (LDAP) and mail server (SMTP)
- Available on AudioCodes Mediant Gateways and Survivable Branch Appliances (SBA)
