

RX15 USB Speaker

The **AudioCodes RX15 Speakerphone** is a versatile device specially designed to provide a high quality voice experience for up to eight people in smaller meeting rooms such as huddle rooms. Fully in keeping with the new era of hybrid work, it can also be easily connected to a laptop, PC or other mobile device to enable clear online meetings from home, personal office rooms or on the road.

As part of the AudioCodes Room Experience (RX) Suite and personal space devices, the RX15 Speakerphone ensures exceptional sound quality with leading UC solutions, such as Microsoft Teams and Zoom Phone. It can also be used in conjunction with the AudioCodes Meeting Insights solution to deliver continuous productivity even after meetings have ended.

The RX15 is fully integrated with the AudioCodes One Voice Operations Center Device Manager for full control and management by internal IT teams (early 2022).

A versatile device specially designed to provide a high quality voice experience for up to eight people in smaller meeting rooms such as huddle rooms

Superb audio quality
