June 10, 2015

Notice Effective Date

Immediate

Affected Product Family / Part Numbers

- One Box 365 Standard, Pro and Enterprise Edition

Notice Details

AudioCodes has officially released One Box 365 Management Interface Version 6.3.6 for General Availability (GA), for the affected products mentioned above. The software release package (including the Software Update tool and Release Notes) is located on AudioCodes' Web site at http://www.audiocodes.com/downloads.

The software upgrade to Version 6.3.6 is offered free of charge to customers that have purchased AudioCodes Partner Solution Support (APSS).

One Box Management Interface (SysAdmin) Version 6.3.6 contains new enhancements, features and resolved bugs.

Some of the new features include:

- Call Pickup Group management using SysAdmin
- Office 365 hybrid deployments using Office 365 connectors
- Support for analog devices and common area phones

A complete list of the new features is provided in the Release Notes.

> ⚠️ **Note:** The SysAdmin update installer supports all previous SysAdmin versions starting from Version 5.0.xxxx.xxx.
