

AI-Powered Meeting Intelligence for Modern Local Governments

Meeting Insights empowers local governments to capture, organize and secure every discussion and decision – from internal staff meetings to public council sessions.

Built to support public transparency laws, streamline compliance and improve interdepartmental efficiency, Meeting Insights creates a unified, searchable record of your city's collective knowledge.

By layering intelligent automation over your existing systems, it instantly transforms raw meeting data into actionable insights.

With secure, AI-powered intelligence, enterprise-grade compliance, flexible deployment options and full data ownership, Meeting Insights helps local governments work smarter, faster and with greater accountability.

Key Advantages for Modern Governments

Faster, Compliant Minutes

Generate structured, agenda-based minutes instantly from transcripts, votes and agenda items.

Transparent and Searchable Records

Create a searchable archive of all meetings, public and internal.

Streamlined Documentation Workflows

Free up clerk and staff time with AI-powered summaries and approvals.

Reduced Errors and Manual Revisions

Minimize the risk of missed motions, tasks or inconsistent formats.

Improved Interdepartmental Follow-Up

Ensure action items and referrals don't fall through the cracks.

Real-Time Visibility for Leaders

Know what was said, decided and assigned without having to attend every meeting.

Enterprise-Grade Security & Compliance

Meeting Insights is built to meet the highest enterprise and government standards for data protection, privacy, and transparency. With certifications including ISO, SOC 2 Type II, GDPR, CCPA, FOIA, CPRA, the Brown Act, Sunshine Laws, ADA, and OWASP/ISO 27032, it ensures strict regulatory compliance. Data is never shared or used to train external models, AI runs only on admin-approved meetings, and all customer data is securely isolated. There is no silent background processing or unauthorized access, giving municipalities full control, auditability, and confidence in every meeting record.

Certifications & Compliance:

How It Works

Meeting Insights is transforming how we manage city meetings—from preparation to documentation and follow-up. What used to take days now happens in hours, with AI-generated summaries, action items, and secure access. It's not just a meeting tool—it's becoming a critical part of our city's operational workflow.
