

## AudioCodes solutions for Zoom Phone

### BOOSTING YOUR ZOOM EXPERIENCE

#### A SINGLE SOURCE FOR END-TO-END ZOOM VOICE ENABLEMENT

**AudioCodes Live for Zoom** is a unified offering of voice connectivity and productivity solutions that deliver simplicity and enhanced functionality for Zoom Phone deployments.

#### AudioCodes as a Service

AudioCodes has created a full end-to-end solution for Zoom customers, which is also available on a price-per-seat plan, providing a one-stop-shop for Zoom connectivity services and solutions. This solution includes IP phones and devices, as well as Zoom BYOC, to quickly implement carrier-grade voice connectivity and analog capabilities for a superior Zoom experience.

We deliver a portfolio of solutions that ease the integration of Zoom and enterprise telephony. It provides a seamless, rapid and cost-effective migration to Zoom for a high-quality voice and video meeting experience.

#### Source

SBCs enable connectivity with bring-your-own-carrier (BYOC) services, facilitating coexistence with legacy PBXs and analog devices.

#### Solution

Network and services management solutions that empower IT professionals to operate efficiently.

#### Experience

Desk and conference phones that deliver an intuitive user experience with excellent audio quality to every meeting.

#### Process

Call recording and analytics solutions that enhance business processes and productivity.

BYOC SBCs

IP Phones & Room Systems

Digital & Analog Gateways
